Driven by the vision of building a safer and more just world, the institute blends scientific precision, ethical responsibility, and cutting-edge investigative techniques to meet the surging global demand for forensic expertise. Its dynamic curriculum spans key domains like Forensic Biology, Forensic Physics, Forensic Ballistics, Forensic Chemistry, Forensic Toxicology, Questioned Document Examination, Fingerprint Analysis, Trace Evidence Analysis, and Digital Forensics, Criminology, Forensic Psychology supplemented by skill enhancement and vocational training that transform students into career-ready professionals.

ABOUT AFRS

Applied Forensic Research Sciences (A.F.R.S) is more than just an organization it's a community built on curiosity, purpose, and the desire to make a meaningful impact through forensic science. Registered under the Madhya Pradesh Society Registration Act, 1973 and recognized by the Ministry of MSME and NITI Aayog, Government of India, AFRS brings together people passionate about understanding crime, justice, and the science behind it all.

We work across a wide range of disciplines from traditional forensic science and digital forensics to forensic medicine, psychology, criminology, and legal studies. Our goal is simple: to share knowledge, spark innovation, and build bridges between learners, experts, and practitioners.

At AFRS, we believe education should be accessible, inclusive, and practical. That's why we focus not only on theory but also on real-world skills, offering workshops, training programs, internships, and resources that help people apply what they learn. Whether you're a student just starting out or a professional looking to expand your expertise, we're here to support your journey.

We also publish research papers, books, and articles that explore new ideas and bring fresh insights to the field. By connecting academia with hands-on practice, we hope to inspire greater forensic awareness and contribute to a more informed and just society.

ABOUT TATHYAM

Criminals are getting intelligent day by day, forensic science is also updating itself by introducing sustainable skills and safety in forensic science.
