COMMON FACILITIES

The Campus

In order to attain its dream of being a world-class education provider, Shri Vaishnav Vidyapeeth Vishwavidyalaya (SVVV) is dedicated to noteworthy enhancement of its facilities and buildings, essential for world-class research and all-round development of students. The University has modern and state-of-art infrastructure that goes long way in facilitating the number of services for the students as well as the staff members.

The campus of Shri Vaishnav Vidyapeeth Vishwavidyalaya, spread in 51-acres with sprawling and picturesque surroundings, provides a refreshing environment, stimulating intellectual alertness and creativity. The new university campus with state-of-art facilities is being designed by one of the top 10 Architectural firm in Asia, CP Kukreja & Associates. The new Campus will accommodate additional infrastructure in terms of Academic blocks, Admin block, Learning Resource Centre block, Auditorium, Open Air Theatre, Cycle Track etc. The campus has an ambience that would motivate the students to grow. The University has several classrooms and syndicates. The campus is having computer centre, and automated library, academic and administrative blocks, conference rooms, an auditorium and other facilities. The campus also has sports facilities. The overall atmosphere on the campus is distinguishable by serenity, which is conducive for intellectual pursuits. The University:

- Offers a world class scholastic experience to learners
- Ensures holistic growth of the students.
- Explores opportunities to pool resources and synergies with the best universities across the world in developing a world- class institution.
- Creates programs that are in line with the economic development of the nation
- Establishes lasting relationship with industry for mutually beneficial solutions
- Learns the best practices of top universities around the world.

Learning Resource Centre

The library is a fountain to satiate the thirst for knowledge. As a backbone of the University, the Central Library was initially established in 1995 for SVITS with a collection of 652 books. Subsequently, it earned the status of a reputed library in Central India in the field of technology and science. The library has been divided into six sections: administrative section, circulation section, textbooks section, reference section, journals and research reports section and computer and internet section for access to e-resources by the users. The library is having over 43,000 high standard textbooks, 9128 reference books, 105 international and national research journals and 220 back volumes. The Library provides book borrowing facility to students, researchers and faculty members. It also provides photocopy and computer print-outs to the students and researchers on subsidized rates. The online public access catalogue (OPAC) facility is also available.

Classrooms

The spacious classrooms in the University provide the most favorable ambience for lively and focused discussions. The classrooms have multimedia and audio-visual equipments to facilitate effective learning. The classrooms are designed to promote interaction between faculty and students. Each classroom has Internet connectivity through wireless local area network.

Computing Facilities

Computing facilities for the students include well equipped labs. A state-of-the-art gigabit network connects every corner of the University. Every student and faculty member has a networked computer at his or her disposal. High-speed servers running on a variety of platforms to suit all kinds of requirements support the entire network. A dedicated optic fiber leased line and Wi-Fi hotspots enable round the clock internet connectivity on more than 1400 nodes at the campus. Internet and Intranet mail servers are also available to students and faculty round the clock.

Local Transport

The University has excellent transport facility. A fleet of 34 buses, maintained by the University, operate in the city everyday covering the nearby suburbs and towns too.

Hostels

A home away from home. The University has separate hostel facilities for boys and girls. The boys hostel is located in Gumasta Nagar and Girls Hostel in Rajmohalla. Both the hostels are located in the heart of city. The hostel rooms are spacious and well-furnished. The hostels have sports and other recreational facilities, such as cable TV, common room for interaction etc. All the hostel rooms have intranet and internet connectivity round the clock. Only vegetarian food is served in the mess. The hostel residents are expected to adhere to the hostel rules and regulations. Both the hostels have a waiting hall where visitors, such as parents and other outsiders are allowed to wait during their visit to hostel. The needs of students are taken care of for 24 hours by the Resident Wardens and faculty incharge of the hostels. Quality water is provided to the students using water purifier.

Healthcare Centre

A healthy body makes a healthy mind. In order to ensure the well-being of students, SVVV is having tie-ups with renowned hospitals of Indore besides having its own health centre with a qualified Doctor to take care of any kind of emergency. At SVVV, the students are covered by a comprehensive medical insurance to meet all kinds of exigencies.

Sports

Keeping in mind that sound mind lives in a sound body, the University provides indoor and outdoor sports facilities which include Cricket and Football ground, Table Tennis hall, Badminton, Volleyball, lawn tennis and basketball court, well-equipped modern gymnasium etc. University also provides coaching facility to students to encourage them to participate in various intercollege and university level tournaments. There is active participation of faculty and staff in sports activities.

Cafeteria

A Cafeteria is situated at the central location of the university campus which not only fulfills the hunger of the stomach but it helps students to relax, and provides them an opportunity to interact with the students of other streams.

Other Facilities

ATM on the campus.

Curriculum

Curricula for various programs of SVVV were prepared under the guidance of the Boards of Studies consisting eminent persons from Academia, Industry and National Research Organizations. Curricula were further refined by the Faculty of Studies, and finally approved by the Aademic Council.

Pedagogy

Active learning has received considerable attention over the past several years. One of the many purposes of higher education is to develop students as critical thinkers and lifelong learners. The students develop a personal sense of self, which influences their self-directedness in learning and contributes to their personal development. Free exchange of ideas among the group members through discussion and presentation not only leverage on time, idea exchange and effort but also enhances teaching and communication skills. Problem solving is a skill that is central to contemporary education system. As a consequence, developing skills in solving such problems is imperative for all graduates. Essential to such learning is an ease of communication that allows students to address the issues at hand with the help of appropriate terminology, attitude, humor and empathy.

Admission

Shri Vaishnav Vidyapeeth Vishwavidyalaya follows standard admission procedures of UGC in line with other leading institutions of the country i.e., based on JEE, CAT, MAT, ATMA, NATA and other such tests besides SVET which is conducted online at 27 centres all over India.

Evaluation

The University follows the continuous evaluation system in line with leading institutions of the country. The University has implemented the Choice Based Credit System (CBCS) for the Undergraduate, Post Graduate and Dual Degree/Integrated programs in the academic session 2016-17 itself.

Beyond the Curriculum

We believe that it is our responsibility to develop our students as professionals right on the campus. The University considers the students as active partners in managing the learning activities such as Conferences, Workshops, Seminars, Guest Lectures and Placements. The University ensures that the students plan and take active role in the life at campus rather than remain passive recipients. The tenure that students will spend at the campus is designed to be the most fulfilling period in their lives.

Training

Training refines the competencies which help students to work professionally for betterment of mankind. The University arranges training in soft skills for the students to increase their employability.

Research and Development

Research and Development is the backbone of academics. The faculty members publish research papers in national and international journals and also present their works in conferences. The university provides financial aid to promote R&D in the university. University invested Rs. 50,000/- thousand for the presentation of research work by the faculty at national and international forums in the session 2016-17.

NIRMITI: Innovative School Education as Foundation for Quality Higher Education (07 October, 2017)

SVVV organized a one day Principals' Conclave. The theme of this conclave stemmed out of the terms quality education among the youth and bridging the gap between school education and higher education and creating a platform to share experience for future improvements. The welcome address was offered by the Honourable Vice Chancellor of the university, Dr. Prof. Upinder Dhar. He elaborated about the theme of the conclave and stressed on the need of innovation in the field of education, as well as the requirement of bridging the gap between school education and higher education. Dr. Dhar shared many facts related to Indian educational scenario as compared to the other countries of the world and brought to light the gross enrolment ratio in India, providing that a considerably low percentage of students passing out of schools enrol for higher education in our country. Additionally he touched upon ideas like mobile science laboratories and laboratories on bikes. He asserted that CBSE requires appropriate feedback in order to improve the current status of school education. He asserted requirement to enhance and motivate the pursuit of higher education as a collaborative effort of schools as well as institutions of higher education for the development of country. 52 Principals of Schools from all over India were present as the delegates in this conclave.

The Chief Guest, Dr. Biswajit Saha, Additional Director, CBSE, India, in-charge for Academic and Research, in his address, stressed on the need of incorporating major changes in the present education system of India. He acknowledged the urgent requirement of revision and introspection in terms of the education system as a whole. He also motivated the schools to introspect why there is a rise in demands of coaching classes by students instead of school classrooms. CBSE is keen to resolve these issues. He urged the delegates to share their opinions, proposals and suggestions on paper so that steps can be taken by the competent authorities to enhance the structure of education in India. Further, he answered many queries of the delegates related to current CBSE System.

The inaugural session was concluded with words of thanks by Ar. Prof. Vishal Yardi – Convenor and Head, SVIA. He also brought important concerns to the fore, including the possibility of a system where the main focus is not on marks obtained but rather on how to face life's challenges.

Mr. S.B.S Iyer Chairman – SICA, Indore moderated the first plenary session of the day which had expert speakers from the education industry including Dr. Sapna Agarwal, Academic Head, Next Education, Kota. The theme of this plenary session continued on the lines of the theme of the conclave. Elaborating on the focus of this theme, Mr. Iyer

described the humble beginning and background and his modestly ordinary schooling as the factors instilled the importance of education in his personality. Admitting the value of education, he stressed to provide quality education at affordable fees. Schools should also pay serious attention to school security management. The second speaker of the session, Dr Sapna Agrawal described the cognitive aspects of education and aspects of child psychology involved in education. She emphasised on affirming the students with moral values ethics, and spirituality so that they are connected to the roots of Indian culture and to inculcate discipline. She mentioned that the fact of learning, exploring and imagining is part of any normal person's life but the importance kept changing from person to person and situation that the person has been put in.

In the second plenary session Dr Sumer Singh, Ex Principal, Daly College, Indore, urged to enhance the education system because of the slipping rank of Indian universities in the current universities ranking among the world and capitalize on its advantages and become a developed nation. He further added that the poor or low remuneration of school teachers is the major cause of the poor education in the tender aged as it never attracts the attention of meritorious teachers in India which leads to the deterioration in the quality of the education.

Mr. Prakash Chaudary, Principal, Prestige Public School, Indore, spoke about the importance of getting involved in continuous learning and being a part of continuous change. Mr. Choudhary shared a clipping of the famous Television show KBC to prove his point. He asked the delegates to refer, set the agenda and contribute to the momentum for the country. He talked about critical areas, which needed intervention and policy correction–Education, as there is a phenomenal demand for Quality Education in India, a Common Vision in Education and Nation Building.

Dr. Capt. D. Bharadwaj, Principal, Global Indian International School, Indore summed up the second plenary session with thoughts as: education system should learn from its past experiences, change is the essence of improving things with quality education, schools should focus on quality teachers, knowledge helps in building character and career, learning is a path to organise, structure and explore the thinking process. Further she gave examples of ten gems of education to explain the importance of Indian traditional education system which was based on imparting, sharing and exploring knowledge.

In the third session, a panel discussion was organized. Participants of the discussion were Mrs. Archana Sharma, Principal, Indus World School, Indore, Mr. Mohit Yadav, Principal, Annie Besant School, Indore, and Mr. Sourabh Guha, Principal, Himalaya International School, Indore. This panel discussion summed up with ideas as flipping the theme of the conclave could help in near future that means we have to focus not only on primary and secondary education but also we should keep an eye on higher studies and industrial inputs for quality based education. Teachers should update themselves, take proper training and do research to import quality education as future education is directly or indirectly affected.

This conclave provided a unique opportunity to bring together leaders, professionals from various fields of higher education and creates a platform for discussions, awareness and benefits of sharing issues, concerns and opportunities of Indian education system as a whole. The presentations by school principals and CBSE officials gave an exposure to the quality of education in India with a holistic and synchronised approach. This Conclave came up with answers to many problems affecting the quality of education. The conclave received excellent response from the participants.

RANG VIMARSH: National Conclave on Performing Arts in New Era: Trends and Practices (09 October, 2017)

On the auspicious occasion of launch of "Shri Rang-Peeth" - A drama club, SVVV, Indore organized a conclave "Rang-Vimarsh", to embark on the journey towards opening a new field of Performing Arts in university.

The Inaugural ceremony started with the welcome of the Chief Guest, Shri Ratan Thiyam, Former Chairman, National School of Drama, New Delhi, Guest of Honour, Shri Anand Sinha, Director, Kalidas Sanskrit Academy,

Ujjain and Special Guest, Padma Shri Bansi Kaul, Renowned Theatre Director and Visualizer followed by the Lamp Lighting and Saraswati Vandana.

The welcome address was given by Dr. Upinder Dhar (VC, SVVV). He emphasized on the need of Performing Arts, as an initiative to increase the interdisciplinary scope of university which will be based on UGC pattern of Credit Based Choice System (CBCS). This will give students opportunity to select performing arts subjects irrespective of disciplines they mainly belong to.

After this Shri Bansi Kaul, Renowned theatre Director and Visualizer, addressed the gathering by pointing out the importance of Madhya Pradesh in the field of performing arts, because of its geographical situation in middle of several states such as Rajasthan, Gujrat, Uttar Pradesh, it has become a cosmo-political hub, a mixture of different cultures, which leads to development of art and artists. He outlined the emergence of Performing Arts as a discipline and its historical roots in India, how it was incorporated in course work of IIT's and then phased out with time, finding it on the edge of disconnection with mainstream academics, but then also appreciated the great initiative that SVVV has undertaken to bring it in the forefront of interdisciplinary approach, wishing it a prosperous future.

Shri Anand Shinha, Director Kalidas Sanskrit Academy Ujjian, has highlighted the importance of associating the discipline of performing arts with other disciplines. He has also mentioned that small workshops are excellent way to hone the skills of students and gave his best wishes to everyone associated with the Shri Vaishnav Rang Peeth.

Shri Ratan Thiyam, Chairman of Chorus Repertory Theatre, Imphal and Executive member of the International Theatre Olympics Committee and former Chairman, National School of Drama, New Delhi, aptly highlighted the major concerning issue of modern society, the artificiality that has masked our life and it is very dangerous, as it is curtailing the life span of people, because all the technological developments are making humans as slave, instead of serving us, they are controlling our life style. So the need for performing arts is eminent, as it acts as a bridge between human and humanity, it makes us to see the beauty all around, appreciate the existence and world as whole. Another concern highlighted by him, was the overemphasis of current generation on money, which is making a human as artificial being and in this way completely destroying the emotional connection, so this situation calls for the creation of artists, who are going to be flag bearer of ethics and values in society.

The inaugural ceremony was concluded by words of thank delivered by Dr. Rajeev Shukla, Convener of Conclave and Director of Shri Vaishnav School of Management, SVVV.

Panel Discussion

Inauguration was followed by panel discussion where various prominent personalities from the field of performing arts shared their views. PadmaShri Bansi Kaul, Dr. Upinder Dhar, VC, SVVV, Mr. Sushil Johari, Mr. Mohinul Haque from Assam, Mr. Satish Dave from Ujjain, Shri Vikas Jahnve from Udaipur, Mr. Abhishek Sharma and Mr. Rajeev Shukla shared their thoughts on the topic 'Role of Performing Arts in New Era and career aspects of Performing Arts'.

Mimes

Outstanding Mime performances were also given by renowned artists came from Guwahati, West Bengal and Mumbai and other parts of the country. Mr. Mohinul Haque from Assam performed Mime on "Mohinul in Buffet", where he performed the role of a person who does over eating in the marriage function. Another hilarious Mime was performed by Mr. Kalptaru Guha from West Bengal on "Role of Cricketer" where he demonstrated the process of cricket. Last but not the least, students of Madhaya Pradesh Natak Lokkala Academy, Ujjain performed Mime on "Bhakti Mein Shakti" in which they presented Gowardhan incident of Mathura and Narshingh incarnation for prahalad, which gives message that every individual should rely on the grace of God as a life philosophy.

Most of the cases developed during the workshops held earlier have been registered with The Case Centre (ECCH- European Case Clearing House), Cranfield University, UK.

Dr. Santosh Dhar, (Dean, Faculty of Research, SVVV) threw light on the importance of research in today's contemporary and competitive milieu and motivated the guests to go for quality publications and this will help them to enhance their Academic Performance Indicator.

The resource person of the workshop was Dr Upinder Dhar, Vice Chancellor – Shri Vaishnav Vidyapeeth Vishwavidyalaya, Indore. He has led 47 such workshops as facilitator so far. A renowned educationist and academician, Dr. Dhar has over three and half decades of experience in post graduate teaching, corporate training, faculty development, consultancy and research.

December 14, 2017: Brief Introduction of the Workshop and Visit to Various Organizations'

Management education cannot be complete without citing appropriate examples. Case method, hence, has gained significant importance as an alternative pedagogical tool to the traditional lecture method of imparting knowledge to learners. There is a dearth of qualitatively rich cases, which are developed in Indian environment. The challenges and intricacies involved in Indian management are yet to be fully demonstrated. This workshop is an attempt to facilitate the faculty members working in various B-schools to write management cases based on Indian situations.

The objective of the workshop was to -

- To develop case writing skills of the participants.
- To encourage the use of case method as a pedagogical tool by providing rich inputs for improving the analytical skills of participants.
- In view of the inadequacy of suitable case literature reflecting Indian situations, the workshop aims at developing and publishing case studies for use in teaching and training sessions.

Dr. Upinder Dhar briefed them the history of case writing and the B-Schools. The first B-School was established in 1908 and first case study was developed in 1920. In India, IIM-Calcutta in 1957 pioneered for developing the case study however, the case method became more popular in IIM- Ahmedabad. Dr. Dhar further highlighted the importance of 4D model while developing the case study i.e., Data Collection, Drafting, Discussion and Documentation. He also guided the participants to first build repo with the coordinator deputed by the organization

and then ask the questions. While asking the questions it should be kept in mind that the questions shall not be repeated and the narrator shall not be interrupted. The participants shall note down each and every information religiously. Dr. Dhar further suggested that the case can be divided into three categories first is the Background (About organization / person), second is the Body of the Case (Issues / Challenges / Opportunities) and third is the conclusion part which decides that whether the case is Historic Case or Problem based case. Also, questions shall be incorporated at the end. Teaching notes shall also be prepared, following the guidelines of the case repository.

After that all the participants were requested to proceed for lunch followed by the visit to various organisations. The participants were grouped according to their stream and experiences. Five groups were formed. Prior intimation and approval were taken from these organizations and the concerned authorities in these organizations deputed a coordinator from their end which would brief the participants about the opportunities and challenges encountered by these organizations.

The conveyance was provided by the SVVV University and all the five groups left for visiting various organizations to develop the case study.

December 15,2017: Case Writing Sessions

All the five groups collected the facts and information from the organizations they visited and started compiling the case study. Dr. Upinder Dhar had already briefed them the do and don'ts while developing the case study. During Session I and Session II, the first draft of the case study was prepared. Post lunch, intergroup discussions were held. All the groups read their case one by one and other groups gave them various good suggestions which were quite beneficial and these suggestions were incorporated in their case study. The groups also prepared the teaching notes taking the guidelines from the case repository.

December 16,2017: Presentation of Case Study

All the groups presented their case. Dr. Upinder Dhar, suggested few modifications and instructed groups to make rectifications in their case studies. The convener of the workshop Dr. Rishu Roy was instructed to compile the modified cases till December 31, 2017 and further edit it under the guidance of Dr. Santosh Dhar and try to get it published in the case repository.

December 16,2017: Valedictory Ceremony

Dr. Upinder Dhar congratulated all the participants for their teamwork and wished them luck for their future endeavors.

Prayatna - Aspiring Dreams: Teaching Learning Activities @ Govt. Malwa Mill School, Indore (July-Oct, 2017)

First day started with building up an understanding, with what the children knows and what they don't. We have volunteered the classes separately, like 6th,7th and 8th, with around 2-3 members per class. It begun with our introduction and theirs too. Students of 6th were so poor with understanding of English (even basics), unaware about computer, its parts, and other basic knowledge. Some were even not knowing to write alphabets and counting. Students of 7th and 8th were quite mature as compared to 6th, they know the basic but up to a limited extend. Also they lack the moral values and don't know how to behave. New ideas implemented after 1st session include:

® Involvement of teaching of moral values, along with course material. ® To tell a story with some lesson at the end of every session. ® To make them aware of current affairs, and with other general topics. ® To give extra attention to some students who are extra weak, and not good with understanding. ® Incorporated extra activities at the end of every session to bind up their interest. ® To revise what we have taught till then at the beginning of each session. ® To teach them how to ask questions, and how to respond. ® Incorporated quiz at the end of the session to revise it out, accompanied with a competition.

Changes observed:-After implementation of certain ideas, students were found more interested to learn. They now know how to behave, how to ask and how to respond. They learned to wish their teachers, to respect their companions, and also to build up a healthy competition. Also encouragement to their extra talents resulted in increment in their confidence level.

Challenges faced:- The major challenge was to make them realize that we are doing it for their welfare. Also some students acts like bullies, over the other, they disturbs the class, and others too.

He further said that the objective of the education will serve the society and the nation. He highlighted the unique courses offered by the university such as Railway Engineering, Engineering Management etc. He said that in coming years the Nation needs quality technocrats and to achieve this University has been established. Shri Pasari addressed the gathering with the commitment to impart quality education. He told that the ultimate aim of the university is not only to provide degree to the students but their overall grooming as a good citizen. He emphasized on the involvement of the students and the faculty in social service activities also. He quoted that students should not be self-centered but should contribute in the development of the society and the nation building.

The chief guest in his admirable address advised students not to restrict themselves in academics only. But try to involve themselves in extracurricular activities also and develop some other skills. Every one of us has an X-factor which has to be identified. It will make the students distinguished. He said that he himself is an engineer but developed as an actor with this X-factor only. He uttered the lines of a poem by great poet Shri Bhawaniprasad Mishra "Zindagi me Koi Bada Sukh Nahi....." for the gathering. Shri Shafaat Khan also addressed the gathering with highlighting the need of reading and writing. He further added performing arts specially play and theatre connect people and provide them the platform to open up. It acts as a therapy.

Dr. Radhakrishnan has contributed to academia in several ways. He had been author/co-author for more than 55 publications.

Address by Padma Bhushan Dr. K. Radhakrishnan, F.N.A.E; F.N.A. Sc;

His topic was India's Strides in Space Exploration – Mangalyaan and beyond

Dr Radhakrishnan, the man behind successful Mars mission, said that India has been commendably riding the wings

of space technology and people-centric applications for over five decades. ISRO scaled several frontier technologies, enhanced country's space-based strategic capability and accomplished an unprecedented surge in the execution of space missions. ISRO is benchmarked as a front-rank space agency among the global space committee only next to USA, Russia, European Space Agency (ESA), Japan and China, even while its financial outlays stood comparatively smaller. Aryabhata was the person who achieved a lot at a very young age. Today there are 42 Indian satellites in the space orbit. NASA and ISRO are working together to develop many more.

India is recognized globally as a role model on space applications. Space applications and space-based operational services derived from the capabilities of communication satellites and remote sensing satellites have become an integral part of the value chain of the user agencies and user communities in diverse areas of development planning, governance, disaster management support, meteorology and climate change studies. Currently, we have a fleet of 40 operational satellites for communications, remote sensing and navigation.

In the recent past, GSLV Mk3 lifted off with a mass of 630 tons and orbited a communication satellite of nearly 3150 kg. Meanwhile, our PSLV launcher gained global acclamation for its reliability and versatility; the GSLV powered with India's cryogenic engine logged a series of successful flights. The high point is India's self-reliance in rocketry and our mastery over the cryogenic engine technology.

While space-based applications and strive for self-reliance are the bedrock of India's space programme, space exploration and research in the areas like astronomy, astrophysics, planetary and earth sciences, atmospheric sciences, theoretical physics form an integral part of this endeavour. India's Chandrayaan-1, Mangalyaan and ASTROSAT stood out in space exploration. Chandrayaan-2 with India's Lander module and rover is on the anvil. These are India's inflection points on convergence of space science, technology, engineering and mathematics for precise navigation for deep space missions.

The Indian Space Endeavour is on the threshold of climbing towards the next level of technology ladder, embracing international alliances for newer capabilities, establishing human presence in the Solar System, and also to forge a strong Indian Space Industry to meet local and global markets. Besides driving technological advancements, these space missions inspire young minds and harvest national pride.

As a token of remembrance, memento was presented to Padma Bhushan Dr. K. Radhakrishnan by the Chancellor and Vice-Chancellor of the university and the Secretary, Shri Vaishnav Vidyapeeth Trust.

In the end, Shri Bhuradiya proposed the vote of thanks and said that with the visit of such an inspiring person as Dr. Radhakrishnan, the university will grow towards greater heights.

Dr. Uttam Sharma, Professor & Head Center of Excellence coordinated the programme.

On this occasion around 250 persons were present in the Auditorium

A Multi-disciplinary National Congress Sanmantrana: (05-07 February, 2018)

Innovation in Science & Technology of 21st Century-National Perspective Challenges and Opportunities

In dynamic markets, companies must manage a greater variety and a higher speed of innovations. In the course of this effort, different requirements for processes and abilities can quickly overstretch an organization's capacity. The current understanding of innovation management is characterized by process-oriented approaches that focus on the establishment of innovation processes and the definition of roles as well as the establishment of key performance indicators. Significant changes in the surrounding environment for the benefit of society are necessary. To deliberate upon how to meet specific needs, scholarly participation is required to exchange and share the experiences and discuss practical challenges and solutions that can be adopted.

National Seminar on Digitization: Challenges and Opportunities: (22 March, 2018)

A Seminar on "Digitization: Challenges and Opportunities" was organized by AIMS MP Chapter Indore and SVVV. The inaugural ceremony started with the welcome of the keynote speaker Mr. Pushpendra Singh Jadon (CEO, Key Elements and Health Pitara), by convener of the event Dr. Santosh Dhar. It was further followed by the Lamp Lighting and Saraswati Vandana.

Dr. Santosh Dhar briefed about the theme of seminar "Digitization of Indian Industries: Challenges and Opportunities". She explained that Digitization has touched our lives in every sphere. Digital technologies will disrupt value chains, organizational structures, operational processes and revenue models. Uber, Airnb and Netflix are the popular examples. Smart organizations have recognized that introducing the new technology is not about hardware or software it's about "Wetware" i.e., Human Beings who can adapt changes.

The welcome address was given by Dr. Upinder Dhar (VC, SVVV and Former National President of AIMS). He narrated the evolution and history of management education in India and AIMS. He also emphasized on need and importance of employability skills. He made the audience aware that digitization can be considered as double edged sword, so we need to use it judiciously. Organizational culture and leadership plays a crucial role in digital transformation.

The keynote speaker Mr. Jadon discussed about the IQ and the EQ levels. He said that knowledge is essential but developing skills in today's contemporary scenario is more necessary. He explained the audience that Digitization may result in downsizing and many people can lose their jobs. We therefore should not only focus on developing the contemporary skills but also shall focus on developing the skills required after 5-7 years. He emphasized that skill set shall be upgraded consistently depending upon the need of the market. He in brief also explained about the Big Data Concept, Face-book and Internet of Things. He also expressed his views on the security issues by the aforesaid technology.

Dr. Vivek Kushwaha (Chairman, AIMS MP Chapter Indore) proposed the words of thanks and suggested the students to make the right use of technology for their future growth. He also gave examples of the companies Amazon and Apple. Those companies who have adopted change have survived while those who have lagged behind have not been able to sustain the market share. He further added that students should be aware regarding the recent market trends and technology rather than just learning and mugging of their course curriculum.

The seminar was coordinated by Dr. Rajeev Shukla, Director, Shri Vaishnav School of Management, SVVV, Indore and Vice Chairman of AIMS M.P. Chapter. Dr. Rishu Roy was the master of ceremony.

Second Doctoral Conference Shodh: 2018: (31 March, 2018)

The Second Doctoral Conference on "Interdisciplinary Research for Sustainable Development: Opportunities and Challenges" was organized. 75 research scholars had registered for the conference. The objective of the Conference was to provide a platform to the research scholars to exchange their knowledge and information in their respective research area. The conference was inaugurated with auspicious lamp lighting and garlanding ceremony of Goddess Saraswati.

The Chief Guest for the inaugural session was Dr. Yatindra Singh Sisodiya, Director –MPISSR. Dr. Santosh Dhar, Convener Shodh- 2018 in her introduction to the conference highlighted the importance of research in higher education. She emphasized that research should be ethical, meaningful and results should add value to the society. The Honorable Vice Chancellor, SVVV, welcomed the august gathering and said that SHODH is a platform for the research scholars to discuss their research work and an opportunity to get the right direction for quality research which is essential in today's scenario. He further said PhD is the first step. Proper research methodology and ethics are equally important. Nowadays Technology is providing the transparency and can be harnessed for quality in research. Course work made compulsory by UGC is a good decision for quality research.

The Chief Guest, Dr. Sisodiya, congratulated University for organizing such Doctoral conference. He said that universities should get engaged with research scholars and ignites their curiosity. Readymade topics are not meant for research. The difference between subjectivity and objectivity should be made clear to the researcher. When researchers spend four years to their research, they should have academic rigor. Communication and intellectual skills are very important & necessary for researchers and they should have good understanding of Information Technology. Right from selecting topic, making research proposal, collecting data, time management is the key to research. Good research supervisors always give updated knowledge to their scholars.

The ISBN Book - DIVERSE, DIVERGENT AND INNOVATIVE RESEARCH CONTEMPORARY ISSUES and souvenir - SARANSH were released by the dignitaries on the occasion. The session concluded with Dr. Shilpa Phadnis, Conference Co-convener proposing the vote of thanks.

37 papers were presented by the delegate researchers. The conference had 5 concurrent sessions. The first concurrent session was on Technology which was chaired by Dr. Preeti Saxena, Associate Professor, School of Computer Science and Information Technology, Devi Ahilya Vishwavidyalaya. In her observations, she said that researchers had selected relevant topics in the field of computer science, more emphasis on literature review is required and many of these researches may benefit society as many turn out to be a marketable product if, implemented in right way.

The second concurrent session was on Management, Humanities and Social Sciences. It was chaired by Dr. Jyoti Sharma, Associate Professor, IIPS, Devi Ahilya Vishwavidyalaya. In her observations, she said that research scholars should follow certain protocol when they write research papers. Even they should focus more on originality of the work and contribution of the research towards the society. Book Reading also helps in creating good research papers.

The Third concurrent session on Engineering & Technology chaired by Dr. Shilpa Bhalerao, Professor, Acropolis Institute of Technology, In her observations, she said that more emphasis on literature review is required and appropriate method of analysis should be used and should be focused on top down approach.

The Fourth concurrent session on Management and Humanities was chaired by Dr. T.K. Mandal, Professor, Shri Vaishnav School of Management. In his observations, he said students need to explore further on their topics, add value in the latest area of the technology and the quality of research.

The Fifth concurrent session was on Architecture & Applied Sciences which was chaired by Dr. K.N Guruprasad, Director, Shri Vaishnav Institute of Sciences. In his observations, he said that the papers required a more focused study and the more detailed understanding of the methods used for analysis. Research Scholars need to be well versed with the scientific methods which they would employ in their research and the presentation should be more of original work and less review of others' works.

The conference concluded with the Valedictory by the Honorable Vice Chancellor, SVVV. The report of the conference was presented by Conference Co-convener Dr. Monica Sainy followed by the feedback from the delegates. The Brochure of Third Doctoral Conference SHODH-2019 was also released on the occasion. NATIONAL SEMINAR ON "AWARENESS OF INTELLECTUAL PROPERTY RIGHTS (NSIPR-2018)"

Sponsored by Madhya Pradesh Council of Science and Technology (MPCST) (28 March, 2018)

Department of Mechanical Engineering, SVITS has successfully organized a National Seminar on "Awareness of Intellectual Property Rights (NSIPR-2018)" sponsored by Madhya Pradesh Council of Science and Technology (MPCST), to make aware faculty and students about Intellectual Property; to identify the trends and experts in the field of public domain; to examine the strength of competitors; and to identify unexplored areas in IPR for undertaking R & D. The organizing secretary of the programme was Dr. Rakesh Kumar Malviya, Assistant Professor, Mechanical Engineering Dept.; Convener was Dr. Shrikant Pandey, HoD Mechanical Engineering and Chairperson was Dr. Namit Gupta, Director, SVITS, SVVV, Indore. The chief guest of the function was Shri Aditya Shrivastava; Senior Vice President, Volvo Eicher Commercial Vehicle Pvt. Ltd. Pithampur; Guest of Honour of the function was Dr. N. K. Choubey, Senior Scientist (patent), MPCST, Bhopal. The honourable vice chancellor of SVVV Dr. Upinder Dhar was also present and shared useful information about IPR to participants. For fulfilling the

objectives of the seminar three eminent speakers from reputed organizations addressed the audience and provided the useful information about IPR and its importance. Dr. V.K. Sukhwani, professor, Ujjain Engineering College, Ujjain talked about the introduction and importance of IPR. He discussed the IPR in all and shared some valuable things about the IPR in detail. Dr. D.S. Mandloi, Ex-Director Ministry of MSME, Govt. of India talked about the patents and procedure of patenting. He shared his practical knowledge and experience about the patent and its filing with some live examples. Dr. Ruchi Sharma, Associate Professor, IIT Indore talked about the geographical indication and trademark. Some practical examples were taken by her to explain the topic well and generate the deep understanding about geographical indications and trademarks. The participants asked questions to the eminent speakers and cleared their doubts, queries etc. Since the people of Madhya Pradesh are not aware that they are surrounded by rare resources, a band of people have to be trained and awareness of Intellectual Property Rights. By the help this seminar the participants were made aware for the right utilization of Intellectual Property Rights (IPR) and for natural urge to bring our resources on record will come only when there are efforts of enterprise at the bottom level. Traditional knowledge does not merely exist in books or minds but serves as the basis of practice by a large number of users, many of whom earn their livelihoods from such practice. But while it yields livelihoods to many, or forms the basis for practice for many, no legal property rights over such knowledge exists, which creates scope for its private misappropriation. To prevent this, a number of steps are necessary. Overall this seminar will help as whistle blower to the people of Madhya Pradesh in knowing intellects property and its rights. More and more people will come forward with innovative and creative thinking. This seminar will help them to do more research on the existing platform and think of doing, developing and generating new ideas of the same thing. This will definitely help Madhya Pradesh to move forward towards new innovations.

NATIONAL CASE WRITING WORKSHOP: (29-31 May, 2018)

May 29, 2018: Inaugural Ceremony

Shri Vaishnav School of Management (SVSM) under the umbrella of SVVV organized the National Case Writing Workshop in Association with AIMS, NHRD and ISTD, 2018. The welcome address was given by the convener of the event, Dr. Rishu Roy. There were several participants from various B-Schools of Indore, corporate delegates, research scholars and faculty members from SVSM. She welcomed all the participants and wished them good luck in their future endeavors and briefed the participants that this is the Sixth National Case Writing Workshop conducted by SVSM. Most of the cases developed during the workshops held earlier have been registered with The Case Centre (ECCH-European Case Clearing House), Cranfield University, UK.

Dr. Santosh Dhar, (Dean, Faculty of Research, SVVV) threw light on the importance of research in today's contemporary and competitive milieu and motivated the participants to go for quality publications and this will help them to enhance their Academic Performance Indicator.

The resource person of the workshop was Dr Upinder Dhar, Vice Chancellor, SVVV. He has led many workshops as facilitator so far. A renowned educationist and academician, Dr. Dhar has over three and half decades of experience in post graduate teaching, corporate training, faculty development, consultancy and research.

May 29, 2018: Brief Introduction of the Workshop and Visit to Various Organizations

Management education cannot be complete without citing appropriate examples. Case method, hence, has gained significant importance as an alternative pedagogical tool to the traditional lecture method of imparting knowledge to learners. There is a dearth of qualitatively rich cases, which are developed in Indian environment. The challenges and intricacies involved in Indian management are yet to be fully demonstrated. This workshop is an attempt to facilitate the faculty members working in various B-schools to write management cases based on Indian situations.

The objective of the workshop was to-

- To develop case writing skills of the participants.
- To encourage the use of case method as a pedagogical tool by providing rich inputs for improving the analytical skills of participants.
- In view of the inadequacy of suitable case literature reflecting Indian situations, the workshop aims at developing and publishing case studies for use in teaching and training sessions.

Dr. Upinder Dhar briefed the history of case writing and the B-Schools. The first B-School was Harvard Business School which was established in 1908 and first case study was developed in 1920. In India, IIM-Calcutta in 1957 pioneered for developing the case study however, the case method became more popular in IIM-Ahmadabad, which came into existence in 1962-63. Dr. Dhar further highlighted the importance of 4D model while developing the case study i.e., Data Collection, Drafting, Discussion and Documentation. He also guided the participants to first build repo with the coordinator deputed by the organization and then ask the questions. While asking the questions it should be kept in mind that the questions shall not be repeated and the narrator shall not be interrupted. The participants shall note down all information religiously. Dr. Dhar further suggested that the case can be divided into three parts: First is the Background (About organization / person), Second is the Body of the Case (Issues /

Challenges / Opportunities) and Third is the conclusion part which decides that whether the case is Historic Case or Problem based case. Also, questions shall be incorporated at the end. Teaching notes shall also be prepared, following the guidelines of the case repository.

After that all the participants were requested to proceed for lunch followed by the visit to various organizations. The participants were grouped according to their stream and experiences. Five groups were formed. Prior intimation and approval were taken from these organizations and the concerned authorities in these organizations deputed a coordinator from their end which would brief the participants about the opportunities and challenges encountered by these organizations.

The conveyance was provided by the SVVV University and all the five groups left for visiting various organizations to develop the case study.

May 30, 2018: Case Writing Sessions

All the five groups collected the facts and information from the organizations they visited and started compiling the case study. Dr. Upinder Dhar had already briefed them the do and don'ts while developing the case study. Dr. Dhar took the review of each group which helped them to write the case with right approach. This also gave them direction and the participants also asked the queries which they had in their mind. During Session II, the first draft of the case study was prepared. Post lunch, intergroup discussions were held. All the groups read their case one by one and other groups gave them various good suggestions which were quite beneficial and were incorporated in their case studies. The groups also prepared the teaching notes taking the guidelines from the case repository.

May 31, 2018: Presentation of Case Study

All the groups presented their case. Dr. Upinder Dhar, suggested few modifications and instructed groups to make rectifications in their case studies. The convener of the workshop Dr. Rishu Roy gave them direction and guidelines for getting the case published in the International case repository.

May 31, 2018: Valedictory Ceremony

Dr. Upinder Dhar congratulated all the participants for their teamwork and wished them luck for their future endeavors.

One Month Free Training for Rural Community On

Annual Architectural Design Fest

VEDIKAA: (June 18-23, 2018)

Event background

VEDIKAA' 2018 is an annual architectural design fest held in SVVV by Shri Vaishnav Institute of Architecture. The event featured bamboo and clay tile workshops, guest lectures by eminent Architects and interactive sessions. The university hosted its 1st Architecture and design event starting on 18 - 23June, 2018.

Objectives of Vedikaa event

The goal of the Architectural Design event was to provide the architectural students an exposure to the best practices related to design, development and construction techniques of materiality. Vedikaa was initiated to enhance the creative and innovative skills of the architectural students in order to:

- Understand and analyze the different modelling techniques used to build models;
- Understanding the nature of the materials
- Apply model making knowledge to future designs using conceptual designs.

BRIEF OUTLINE OF BAMBOO WORKSHOP

Aim: To understand and explore the material, treating technique, construction and joinery details using bamboo.

Trainer: The workshop was conducted by Ar. Mayank Badjatiya, 'Prithvi – Earth & Us'. The workshop focused on exploring the basic treating and construction techniques using bamboo materials. It also raised awareness on using sustainable materials.

Bamboo workshop details: The bamboo construction workshop was successfully held in SVIA during 18 - 20 June, 2018. Bamboo is a flexible material that is also sustainable and gives students the chance to understand

a key-component often used in traditional architecture but rarely in contemporary architecture. Design-thinking is the heart of any design process. At this workshop, the students were asked to develop a 3D model using chop sticks and threads using the conceptual development of design and also working hand in hand. The working of bamboo was carried out with students from various architectural colleges in and around Indore. There were 80 architectural students and 10 design students. The workshop started with a presentation of bamboo materials to expose the nature of bamboo as a material and its use in construction sector. The bamboo workshop included both the conceptual and technical criteria's of Architecture and design.

The workshop proceeded in dividing the students into 7 groups on exploring different concepts of a form. The aim of the workshop is to develop and implement a 3D structure using bamboo as a building material in promoting the potentialities and uses of bamboo in architecture and construction.

The first day of the workshop include the treating of raw bamboo by students to prepare it for construction. On the second day conceptual ideas and model making using chop sticks and joinery techniques were explained. The last day of the workshop came out with group work of students with different type of structural design of bamboo. The students came up with various structural shapes of Bamboo. Bamboos are treated in such a way that they assume desired structures in developing some of the students concept includes Mirror with a twist, Invertebrate, Penta cave and Hyberpola.

The expected outcome of the bamboo workshop was achieved by a structural frame technique which is related to same approach applied in usual timber frame design and construction. The end of the workshop had a pop – up exhibition displaying the works of the students. The exhibition of the workshop was visited by Honourable Vice Chancellor Dr Uphinder Dhar, Director of Architecture Prof Vishal Yardi and other head of the institutions of SVVV. The students explained each of their group work with basic idea behind the development of form.

Brief outline of Clay tile workshop

Aim: To understand and explore the forms using local clay art of Rajasthan.

Trainer: The workshop was conducted by Artist. Rajeev Nafedey. The workshop focused on exploring the different 3D forms of pottery and laying in a mural frame.

Clay tile workshop details: The clay tile workshop was successfully held in Shri Vaishnav Institute of Architecture. The clay tile art includes its origin from the clay art of Molela, Rajasthan. Clay, an earthy material and oldest art is known to have its origin from the Indus valley civilization to the new generation of master artist. The two day workshop included the preparation of clay, laying of clay into a frame and the frame filled with clay was allowed to set by covering it tightly using a polythene bag to retain moisture. The art of clay work was explored with a new dimension of making 3D pottery forms. The process of making 3D mural involved the creation of miniature potteries that was allowed for setting for about 30 minutes later the created potteries were cut into different shapes and was embossed into the clay frame exploring different themes on aesthetics. The students were given individual frame to work with the mural based on their ideas. The last day of workshop included laying of 3D pottery forms in the frame creating a 3D art mural. The created 3D mural is kept for setting about a week later the clay tile mural will be burnt in the kiln for the final product.

Summary of Guest lectures by Architects on "Learning from Past"

Ar. Brindha Somaya, Urban Conservationist.

The speaker for the first session was Ar. Brindha Somaya, Principal Architect, Somaya & Kalapa Associates and a urban conservationist over the 35 years. Dr. Upindher Dhar, Vice Chancellor felicitated Ar. Brindha Somaya for the Guest Lecture. In her lecture Ar. Somaya discussed on Threads & Continuities showing the influence of pre and post independence on Architecture. She also stated that Architecture according to her is the connection between human and earth. Her discussion about women & architecture stated the first Indian

women architect Mrs. Chowdhry and her works during the post independence. She shared her Architectural vocabulary with 5C's - Conserve, City, Community, Culture and Contemporary. Her ways of looking into Architecture has led her to merged minimalism, conservation and social equity to get maximum user experience. The conservation projects of Ar Brinda Somaya faced many challenges in retrofitting the structures without compromising its original identity. All her conservation projects were intended to preserve the colonial architecture and its incorporation with modern essentials. Her works were majorly founded for a social cause that included the rehabilitation project of Bhadli village, Kutch. The project was worked with an concept of reconstructing the lives of earthquake victims. The project was majorly intended to preserve their neighbourhood and its footprint that paved way in understanding the social and religious pattern. The planning of the village was done by providing a module upon which the user is allowed to built that contributed to public participation in retaining the cultural fabric of the village. The renowned architect has her piece of design in Indore city heading towards the completion of Tata Consultancy Services. The TCS project has taken the inspiration from the ghats of Narmada River. The built forms of the structure evolve its origin from the Narmada and punctured with open spaces in between the space to feel the nature of Narmada River and its ghat. The session was concluded by stating that buildings are the one that connects us to the past and to each other, which shows who we are and gives us sense of place.

Ar. Ujjwala Chakradeo, Architectural Educationist.

The post lunch session was taken by Dr. Ujjwala Chakradeo, specialized in pedagogy. Ar. Vishal Yardi, felicitated Ar. Chakradeo for the guest lecture. The guest lecture started with a video documentary showing the visual bias – Towards a paradigm shift. She also stated the relation of Architecture with 5 elements of nature. The session was concluded in user experiencing the space called as Architecture of wellness. The presentation was made to create a new dimension in user experience design by considering the five sensory elements in Architectural design. She also stated that the more of visual aspects has been considered majorly in today's context but as a user why to restrict the experience visually rather considering all the five elements of sensory. As an architectural educationist, she was very keen in innovative teaching pedagogies for Architectural design. The architectural design should evolve with behavioural part of design in improving the lifestyle of the user. Few of the examples were shared on basis of Vastu Purush Mandala and relating it to the principles of climatology. Her presentation nailed a holistic approach in architectural design studios towards a paradigm shift in Architectural education.

One Day MDP on

ORGANIZATIONAL HEALTH FOR HIGHER PERFORMANCE: (23 June, 2018)

One day Management Development Program on Organizational Health for Higher Performance was organized by SVVV in association with ISTD Indore Chapter and NHRD Indore Chapter.

Organizational Health determines the conducive work environment for employees to feel motivated to work. It is the Organization's ability to align around a common vision, execute against that vision effectively, and renew itself through innovation and creative thinking. Organizational health is more than culture or employee engagement. It inspires the employees to engage in actions that help the organization to achieve its objectives. Organizations are effective if they are stable and keep track of their internal activities.

The theory behind organizational health is that it helps to create a positive work environment in which employees develop the feelings of attachment and loyalty to the organization. It stimulates higher organizational performance because it helps to create an organizational culture in which employees display positive attitudes and work behaviors. The employees view organizational success as an end in itself. Employees work towards a common goal, feel like a team, and not just a collection of individuals with a job to perform, but as a team with common problems to solve and goals to achieve. This team accepts the problems in

productivity, quality or performance as challenges to resolve. Excellence does not belong exclusively to a few, but to the team members due to collaborative efforts.

The sessions taken during the day were on Micro Lab, Engaging Employees in Productive Work, Dimensions of Organizational Effectiveness, Dynamics of Organizational Culture and Parameters of Health at Workplace. The Resource persons were Dr. Upinder Dhar, Vice Chancellor, SVVV, Indore and Dr. Santosh Dhar, Dean, Faculty of Doctoral Studies & Research, SVVV, Indore, and chairperson (ISTD, Indore Chapter). The program was coordinated by Dr. Rishu Roy, Associate Professor, SVSB, SVVV Indore and Secretary (ISTD, Indore Chapter. In the valedictory session, Dr. D.T. Manwani, Convener, MDP (ISTD Indore chapter) expressed his gratitude towards the sponsoring organizations and the participants for making this MDP a grand success.

PAPER PRESENTATION

Author: Bharti Katiyar

Co-author: Chetan Fadnis

Paper entitled "BER Analysis using Pilot Contamination Mitigation Technique over Weibull Fading in Massive MIMO System" is presented/published in 2nd IEEE International Conference on Inventive Communication and Computational Technologies (ICICCT 2018), held on April 20-21, 2018 at Coimbatore. ISBN 978-1-5386-1973-5.

Paper entitles "Review of Higher Order Statistics for Selection Combining Scheme in Weibull Fading Channel" is presented/published in IEEE International Conference on Current Trends in Computer, Electrical, Electronics and Communication (ICCTCEEC-2017), held at Vidyavardhaka College of Engineering (VVCE), Mysuru, India during 8th – 9th September, 2017

Paper Presentation in International Confrence

The World Research Association has organized World Agriculture Congress (4th World Research Journals Congress) on May 24 to May 26, 2018 at Timi?oara, Romania in collaboration with Banat's University of

Agricultural Sciences and Veterinary Medicine "King Michael I" of Romania and Research and Development Station for Bovine from Arad. In which Dr. Ashutosh Shukla presented a Research Paper titled "Extraction of Silica from Soybean Waste and its Application for Purification of Textile Dye Effluent". Focal theme of Congress is "Save Agriculture, Save Environment and Save Earth".

INTERNATIONAL CONFERENCE

- 1. Dr. Shweta Agrawal, Faculty, Shri Vaishnav Institute of Sciences, presented her research work on 'Bacterial Diversity amongst Azo Dye Degraders' at International Symposium on International Symposium on 'Microbes for Sustainable Development: Scope and Applications'. This symposium was also the 58th Annual Conference of The Association of Microbiologists of India (AMI-2017) & was organized by Babasaheb Bhimrao Ambedkar University, Lucknow (U.P., India) from November 16-19, 2017. This symposium showcased research more than 500 research presentations, posters and invited talks by microbiologists from all over the country.
- 2. Dr. Shweta Agrawal, Faculty, Shri Vaishnav Institute of Sciences, presented her research on 'Optimization of process parameters for decolourization and biodegradation of an azo dye Reactive Black 5 by an indigenously developed consortium' at the International symposium on 'Water: Resources, Challenges and Sustainability' organized by IIT, Indore (M.P,. India), on March 10, 2018. This symposium highlighted the need of research for the management and conservation of water resources.

Workshop

3. Dr. Shweta Agrawal, Faculty, Shri Vaishnav Institute of Sciences, attended one week GIAN program on 'Biological treatment of metals and metalloids laden waste water: Microbiology, process technology and resource recovery', held at IIT, Indore, India, 5-9 March, 2018. Prof Eric D Van Hullebusch, IHE-Delft Institute for Water Education, Netherlands, as resource person, delivered knowledgeable lectures on strategies and challenges for biological treatment of waste-water.
