VISION

To create an educational environment that engages deep intellectual, moral and spiritual stimulation, thereby nurturing leadership.

MISSION

To pioneer a 'mentoring' based education system with an intellectual, moral and spiritual culture of its own, rooted in Indian ethos and in tune with global vision of the times;

To impart learning through understanding- knowledge enhancement, skill development and positive attitude formation;

To encourage innovative thinking with self discipline and social responsibility.

VALUES

Endurance, Excellence, Fairness, Honesty and Transparency.

QUALITY POLICY

We, at Shri Vaishnav Vidyapeeth Vishwavidyalaya, are committed to impart quality education by meeting stakeholder requirement and the norms of regulatory authorities. We strive to continuously enhance the quality of our academic and research offerings and effectiveness of the teaching - learning process.

ABOUT SHRI VAISHNAV TRUSTS

1884 is a landmark year as the foundation stone was laid 135 years ago for Shri Vaishnav Group of Institutions by compassionate cloth merchants of Vaishnav cult of Indore, MP (India) which was later reconstituted as Shri Vaishnav Sahayak Kapada Market Committee in the year 1934.

Shri Vaishnav Vidyapeeth Trust believes in taking the nation forward by improving the quality of life of its citizens by continuously working in the sphere of education, health and environment. It has been established to promote education and research in various disciplines through academic Institutions for the benefit of all sections of the society, but not with the motive of profit.

Under the able guidance of Shri Vaishnav Sahayak Kapada Market Committee, Shri Vaishnav Shaikshanik Avam Parmarthik Nyas was established in the year 1981. FROM THE DESK OF CHANCELLOR

At Shri Vaishnav Vidyapeeth Vishwavidyalaya, we believe in providing a truly global experience to develop inclusive citizens, ready to excel in any career they choose to pursue. We know that today's world is complex, and succeeding takes resolve, effort and commitment, hence these are the life skills we aim to pass on to every student studying in our university.

Our commitment to world-class education, delivering research and innovation in line with the Shri Vaishnav Vidyapeeth Vishwavidyalaya vision for the future is what drives us each day. From our diverse program offerings to our innovative, engaging teaching styles and real-time industry exposure, we ensure true lifelong learning. We believe that each student at Shri Vaishnav Vidyapeeth Vishwavidyalaya should be encouraged to become a "go-getter", a "solver" and "an inventor", ready to contribute to a future world that doesn't yet exist.

From our digital classrooms and high-tech specialized labs in the academic block to the residential and recreational facilities, the campus is unmatched by any other in the region. Our cutting edge Incubation Centre for student driven start-ups and our global research capabilities are testament to our commitment to supporting curiosity. By and large, our system of education has a global outlook and international exposure that produces a new breed of youth with practical and administrative skills needed for national development.

Purushottamdas Pasari
Chancellor

FROM THE DESK OF VICE CHANCELLOR

In the epoch of globalization there is an unparalleled demand for a great diversification in higher education, as well as an enhanced awareness of its vital importance for its socio-cultural and economic development, and for building the future, for which the younger generations need to be outfitted with new skills, knowledge and ideas. It is our prime sense of duty to make our education system responsive to the changing needs of the acquisitive market-oriented world, as well as the redeemer and promoter of our historical, cultural and traditional heritage.

We, at Shri Vaishnav Vidyapeeth Vishwavidyalaya, always keep our students in the centre and touch their lives through moral and value education to make them responsible citizens. The university continuously aspires to create platform for creative ideas and emerge as a symbol of openness of thoughts, while celebrating unity in the diversity. We intend to intensify our endeavors to mobilize more resources and create conducive ambience for our faculty, students and staff to actualize their potential.

The university is determined to pursue a multi-stakeholder consultation approach, in which students, teachers and staff, as well as alumni and other stakeholders, including the media, play a meaningful role. We have a mammoth task of employing higher education as a means of attaining peace and development for all.

I urge everyone to join us in fostering a healthy, peaceful and engrossing atmosphere at the university campus. We invite you to contribute actively and enrich the university with your intellectual resources, rich experiences and fruitful suggestions.

NCSSS will guide the SVVV students of B.Tech. (Computer Science and Engineering) with specialization in Information and Cyber Security.

COMMON FACILITIES

The Campus

In order to attain its dream of being a world-class education provider, Shri Vaishnav Vidyapeeth Vishwavidyalaya (SVVV) is dedicated to noteworthy enhancement of its facilities and buildings, essential for world-class research and all-round development of students. The University has modern and state-of-art infrastructure that goes long way in facilitating the number of services for the students as well as the staff members.

The campus of Shri Vaishnav Vidyapeeth Vishwavidyalaya, spread in 52-acres with sprawling and picturesque surroundings, provides a refreshing environment, stimulating intellectual alertness and creativity. The new university campus with state-of-art facilities is being designed by one of the top 10 Architectural firms in Asia, CP Kukreja & Associates. The new Campus will accommodate additional infrastructure in terms of Academic blocks, Admin block, Learning Resource Centre block, Auditorium, Open Air Theatre, Cycle Track etc. The campus has an ambience that would motivate the students to grow. The University has several classrooms and syndicates. The campus is having computer centre, and automated library, conference rooms, and other facilities. The campus also has sports facilities. The overall atmosphere on the campus is distinguishable by serenity, which is conducive for intellectual pursuits. The University:

- Offers a world class scholastic experience to learners
- Ensures holistic growth of the students.
- Explores opportunities to pool resources and synergies with the best universities across the world in developing a world- class institution.
- Creates programs that are in line with the economic development of the nation
- Establishes lasting relationship with industry for mutually beneficial solutions
- Learns the best practices of top universities around the world.

Learning Resource Centre

The library is a fountain to satiate the thirst for knowledge. As a backbone of the University, the Central Library was initially established in 1995 for SVITS with a collection of 652 books. Subsequently, it earned the status of a reputed library in Central India in the field of technology and science. The library has been divided into six sections: administrative section, circulation section, textbooks section, reference section, journals and research reports section and computer and internet section for access to e-resources by the users. The library is having over 48,490 high standard textbooks, 107 print journals and 529 periodicals. The Library provides book borrowing facility to students, researchers and faculty members. It also provides photocopy and computer print-outs to the students and researchers on subsidized rates. The online public access catalogue (OPAC) facility is also available.

Classrooms

The spacious classrooms in the University provide the most favorable ambience for lively and focused discussions. The classrooms have multimedia and audio-visual equipments to facilitate effective learning. The classrooms are designed to promote interaction between faculty and students. Each classroom has Internet connectivity through wireless local area network. Each department and constituent institute of University is having well equipped labs with instruments and machinery.

Computing Facilities

Computing facilities for the students include well equipped labs. A state-of-the-art gigabit network connects every corner of the University. Every student and faculty member has a networked computer at his or her disposal. High-speed servers running on a variety of platforms to suit all kinds of requirements support the entire network. A dedicated optic fiber leased line and Wi-Fi hotspots enable round the clock internet connectivity on more than 1400

nodes at the campus. Internet and Intranet mail servers are also available to students and faculty round the clock.

Local Transport

The University has excellent transport facility. A fleet of 32 buses, maintained by the University, operate in the city everyday covering the nearby suburbs and towns too.

Hostels

A home away from home. The University has separate hostel facilities for boys and girls. The boys hostel is located in Gumasta Nagar and Girls Hostel in Rajmohalla. Both the hostels are located in the heart of city. The hostel rooms are spacious and well-furnished. The hostels have sports and other recreational facilities, such as cable TV, common room for interaction etc. All the hostel rooms have intranet and internet connectivity round the clock. Only vegetarian food is served in the mess. The hostel residents are expected to adhere to the hostel rules and regulations. Both the hostels have a waiting hall where visitors, such as parents and other outsiders are allowed to wait during their visit to hostel. The needs of students are taken care of for 24 hours by the Resident Wardens and faculty in-charge of the hostels. Quality water is provided to the students using water purifier.

Healthcare Centre

A healthy body makes a healthy mind. In order to ensure the well-being of students, SVVV is having tie-ups with renowned hospitals of Indore besides having its on health centre to take care of any kind of emergency. At SVVV, the students are covered by a comprehensive medical insurance to meet all kinds of exigencies.

Sports

The university is also equipped with sports facilities, like volleyball court, table tennis, lawn tennis court, basketball court, a football and cricket ground and a well-equipped modern gymnasium. ATM facility is located on the campus. The university organizes SPARDHA, a National Sports Fest, once in a year and different games and tournaments are held throughout the year on a regular basis. There is active participation of faculty and staff too. University also provides coaching facility to students; participate in various intercollege and university level tournaments. There is active participation of faculty and staff in sports activities.

Cafeteria

A Cafeteria is situated at the central location of the university campus which not only fulfills the hunger of the stomach but it helps students to relax and provides the opportunity to interact with other stream students.

Other Facilities

A National Bank ATM is located on the campus.

ACADEMIA

Curriculum

Curriculum for various courses of the SVVV is being prepared under the guidance of the Board of Studies consisting eminent persons from Academia, Industry and National Research Organizations. Curricula are further refined by the Faculty of Studies.

Pedagogy

Active learning has received considerable attention over the past several years. One of the many purposes of higher education is to develop students as critical thinkers and lifelong learners. The students develop a personal sense of self, which influences their self-directedness in learning and contributes to their personal development. Free exchange of ideas among the group members through discussion and presentation not only leverage on time, idea exchange and effort but also enhances teaching and communication skills. Problem solving is a skill that is central to contemporary education system. As a consequence, developing skills in solving such problems is imperative for all graduates. Essential to such learning is an ease of communication that allows students to address the issues at hand with the help of appropriate terminology, attitude, humor and empathy.

**Admission**

Shri Vaishnav Vidyapeeth Vishwavidyalaya follows standard admission procedure of UGC which is same as followed by other leading institutions of the country e.g., In the case of B.Tech. Program 70% admissions are done through JEE mains and 30% through SVET examination which is conducted online at 27 cities all over the India.

Evaluation

The University follows the continuous evaluation system in line with leading institutions of the country. The University is implementing the Choice Based Credit System (CBCS) for the Undergraduate, Post Graduate and Dual Degree/Integrated programs in the academic session 2016-17.

Beyond the curriculum

We believe that it is our responsibility to develop our students as professional's right on the campus. The University considers the students as active partners in managing the learning activities such as Conferences, Workshop, Seminars, Guest Lectures and Placements etc. The University ensures that the students plan and take active role in the life of the University rather than remain passive recipients. The tenure that students will spend at the campus is designed to be the most fulfilling period in their lives.

Training and placement

During the course of the program, the university helps the students to explore placement opportunities by inviting reputed companies TCS, Infosys, Value Lab, Voltas, Raymond, Cybage, Bridgestone, Eicher Motors and many more for campus recruitment. The university is making sincere efforts to arrange a number of interviews both on campus and off campus, where the students may prove their ability to secure an employment. The university arranges training in soft skills for the students to increase the employability skills. As a result of the sincere efforts of the university and students, a good percentage of students shall be placed through on and off campus drive every year.

Research and Development

Research and Development is the backbone of Academics. The faculty members of the university publish and present research papers in national and international journals and conferences respectively. The university liberally facilitates the faculty through financial support.

B Tech

- Civil Engineering
- Electronics and Communication Engineering
- Electronics and Communication Engineering (IoT)/ Avionics
- Mechanical Engineering
- Automobile Engineering
- Electronics and Instrumentation Engineering
- Railway Engineering
- Electrical Engineering
- Electrical & Electronics Engineering
- Mechatronics
- Robotics and Automation
- Automotive Electronics
- Instrumentation and Control

B Tech + M Tech (Dual Degree Program 4+2 years)

- Civil (Structural) Engineering
- Electronics and Communication Engineering (embedded System VLSI Design)
- Electronics and Communication Engineering (IoT)/ Avionics
- Mechanical Engineering
- Automobile Engineering
- Electronics and Instrumentation Engineering
- Railway Engineering
- Electrical Engineering
- Electrical & Electronics Engineering
- Mechatronics

B Tech + MBA (Dual Degree Program 4+2 years)

- Civil Engineering
- Electronics and Communication Engineering
- Electronics and Communication Engineering (IoT)/ Avionics
- Mechanical Engineering
- Automobile Engineering
- Electronics and Instrumentation Engineering
- Railway Engineering
- Electrical Engineering
- Electrical & Electronics Engineering
- Mechatronics

M Tech

- Digital Communication
- Digital Instrumentation
- Embedded Systems
- Civil (Transportation Engineering)
- Civil (Structural Engineering)
- Civil (Water Resources Engineering)
- Power Electronics
- Power System
- Renewable Energy
- Mechanical (thermal and Design Engineering)
- Industrial Engineering
- Virtual Instrumentation

Diploma (03 Years)

- Mechanical Engineering
- Electronics & Instrumentation Engineering
- Electrical Engineering

2. SHRI VAISHNAV INSTITUTE OF INFORMATION TECHNOLOGY**B Tech**

- Computer Science Engineering
- Information Technology
- Computer & Communication Engineering
- Computer Science Engineering (Big Data Analytics)
- Computer Science Engineering (Cloud and Mobile Computing)
- Computer Science Engineering (Enterprise System- Red Hat)
- Computer Science Engineering (Information & Cyber Security)
- Computer Science Engineering (Artificial Intelligence)
- Computer Science Engineering (Mobile Applications)
- Computer Science & Business System

B Tech + M Tech (Dual Degree Program 4+2 years)

- Computer Science Engineering
- Computer Science Engineering (Cloud Computing)
- Computer Science Engineering (Cyber Forensic)
- Computer Science Engineering (Big Data Analytics)
- Information Communication Technology
- Information Technology

B Tech + MBA (4+2 years)

- Computer Science Engineering
- Information Communication Technology
- Information Technology

MTech

- Computer Science Engineering
- Computer Science Engineering (Big Data Analytics)
- Computer & Communication Engineering
- Information Security

3. SHRI VAISHNAV INSTITUTE OF TEXTILE TECHNOLOGY

B Tech

- Textile Engineering
- Garment & Fashion Technology

B Sc

- Fashion Design

MTech

- Textile Engineering

B Tech + MBA (4+2 years)

- Textile Engineering

MTech+Ph.D

4. SHRI VAISHNAV INSTITUTE OF FORENSIC SCIENCE

B Sc

- Forensic Science
- Forensic Psychology

M Sc

- Forensic Science
- Forensic Psychology

B. Sc. + M Sc

- Forensic Science
- Forensic Psychology

5. Shri Vaishnav Institute of Architecture

B Arch (Bachelor of Architecture)

B Des (Bachelor of Design)

- Interior Design
- Product Design
- Graphics and Animation

BDes + MDes (Dual Degree Program 4+2 years)

- Interior Design
- Product Design
- Graphics and Animation

6. SHRI VAISHNAV SCHOOL OF MANAGEMENT

MA

- Journalism and Mass Communication
- Hindi Journalism

BA + MA (3+2 Years)

- Journalism and Mass Communication
- Hindi Journalism

14. SHRI VAISHNAV INSTITUTE OF FINE ARTS

BFA (4 Years)

MFA (2 Years)

BFA + MFA (Dual Degree Programs 4+2 years)

15. SHRI VAISHNAV INSTITUTE OF SCIENCE

B Sc

- Physics, Chemistry, Maths
- Physics, Computer Science, Maths
- Physics, Electronics, Maths
- Life Science, Chemistry, Biotechnology
- Physics, Instrumentation, Maths
- Physics, Statistics, Maths

B Sc (Honors)

- Chemistry
- Maths
- Physics
- Instrumentation
- Statistics

M Sc

- Physics
- Environmental Science
- Medical Physics
- Chemistry
- Analytical Chemistry

B Sc + M Sc (Dual Degree 3+2 years)

- Physics
- Maths
- Chemistry
- Statistics
- Medical Physics

M Sc+ Ph.D

- Physics
- Environmental Science
- Medical Physics
- Chemistry
- Analytical Chemistry

16. SHRI VAISHNAV INSTITUTE OF SOCIAL SCIENCES, HUMANITIES AND ARTS

BA

- Psychology
- Economics
- English Literature
- Sociology
- Public Administration
- Political Science

BA (Hons.)

- Economics

Mr. Piyush demonstrated the working of Machine Learning concepts using Python & R technology. He explained the students about Project Deployment procedure on Machine Learning & Data Analytics.

He also discussed different Data Analytics features. 26 groups submitted their allotted applications & assignments using Machine Learning with Python & R tool. Participants gave presentations in front of expert panel. Dr. Anand Rajavat, told about the increasing market demand & importance of Machine Learning. Dr. Jigyasu Dubey, HoD-IT, emphasized the need to learn the applications of R & Python tools. Mr. Vijay Prakash & Mr. Jayes Surana were Program Coordinators of this event. They coordinated the training successfully with the contributions of technical staff team, class coordinators & program committee members.

INDUSTRIAL TRAINING "PLC: Wiring, Programming and Troubleshooting" (6th-10th August 2018)

Five days Industrial training Program on "PLC: Wiring, Programming and Troubleshooting" was conducted by the Department of Electrical Engineering of Shri Vaishnav Vidyapeeth Vishwavidyalaya, in coordination with M/s Autosys, Indore. Total 43 students from II, III and IV year of Electrical Engineering branch have participated. Training program comprised of theory and practical session on PLC's like Allen Bradley, Siemens, ABB, Mitsubishi, Delta, Schneider, Omron, etc. All sessions were carefully designed to enable students to be competent in analyzing, solving and taking responsibility for complex engineering problems and activities. The main aim of the training program was to produce graduates who are ready to face the working world.

The contents of five days training program were as follows:

Day 1: It was a theoretical introductory session for Industry Automation, PLC, relays, sensor and NO-NC switches.

Day 2: Hands on experiment: Wiring on PLC and other auxiliaries like sensors, relays and switches.

Day 3: Programming of PLC: Programms were written and executed by students using software like Twido, WPL, GX developer and GX explorer.

Day 4: Function of timer, contactor, and latching devices was done.

Day 5: Finally the program transfer from PLC to PC and PC to PLC was taught in the last session. SEMINAR “Idea Generation, Creativity and Innovations” (August 20, 2018)

ED Cell of SVVV organized a seminar on “Idea Generation, Creativity and Innovations” The program was deliberated by Mr. Ram Sharma. Mr Ram Sharma told the students about the basics of ‘Innovation and Idea Generation’. He said that Innovation deals more with quality, evaluation and implementation. It's an idea that has the proper resources supporting it *and* ideal market conditions ahead. Innovation is about moving a *novel* idea into an idea of *value* that fills a specific need. Identifying an innovative idea can be a creative process, and that the generation of ideas deals with quantity and novelty. This is what we typically refer to as *Creativity*. As the event paved its path, interaction began, different queries of the students were satisfactorily answered. They too were delighted to be part of such an event. There were many pick up in the event including quizzes and certain games related to entrepreneurship that enthralled the students.

Later the speaker motivated the students and shared his past experience too about how he developed his own business, what were the points to be considered first. Listening to his experience was fascinating. Mr. Ram Kumar Sharma greatly inspired the students who have attended the seminar. He covered all the aspects of Creativity and Innovation in the seminar. He motivated the students to think simple and different by sharing real time stories and examples. He tried to realize students the difference between simple product and service and value based product and service. He motivated students to become valued Graduate rather than becoming simple graduate to serve society in better way.

Dr. Santosh Dhar, (Dean, Faculty of Research, SVVV) threw light on the importance of research in today's contemporary and competitive milieu and motivated the participants to go for quality publications and this will help them to enhance their Academic Performance Indicator. The resource person of the workshop was Dr Upinder Dhar, Vice Chancellor – Shri Vaishnav Vidyapeeth Vishwavidyalaya, Indore. This workshop was an attempt to facilitate the faculty members working in various B-schools to write management cases based on Indian situations.

Dr. UpinderDhar briefed the history of case writing and the B-Schools. The first B-School was Harvard Business School which was established in 1908 and first case study was developed in 1920. In India, IIM-Calcutta in 1957 pioneered for developing the case study however, the case method became more popular in IIM- Ahmedabad, which came into existence in 1962-63. Dr. Dhar further highlighted the importance of 4D model while developing the case study i.e., Data Collection, Drafting, Discussion and Documentation. He also guided the participants to first build repo with the coordinator deputed by the organization and then ask the questions.

December 7, 2018: Case Writing Sessions

All the three groups collected the facts and information from the organisations they visited and started compiling the case study. Dr. Upinder Dhar had already briefed them the do and don'ts while developing the case study. Dr. Dhar took the review of each group which helped them to write the case with right approach. This also gave them direction and the participants also asked the queries which they had in their mind. During Session II, the first draft of the case study was prepared. Post lunch, intergroup discussions were held. All the groups read their case one by one and other groups gave them various good suggestions which were quite beneficial and were incorporated in their case studies. The groups also prepared the teaching notes taking the guidelines from the case repository. In the valedictory ceremony, Dr. Upinder Dhar congratulated all the participants for their teamwork and wished them luck for their future endeavors.

Vivekananda, original name Narendranath Datta, Datta also spelled Dutt, (born January 12, 1863, Calcutta [now Kolkata]—died July 4, 1902, near Calcutta), was a Hindu spiritual leader and reformer in India who attempted to combine Indian spirituality with Western material progress, maintaining that the two supplemented and complemented one another. His absolute was a person's own higher self; to labour for the benefit of humanity was the noblest endeavour. Born into an upper-middle-class family of the Kayastha (scribes) caste in Bengal, he was educated at a Western-style university where he was exposed to Western philosophy, Christianity, and Science. Social reform became a prominent element of Vivekananda's thought and he joined the Brahmo Samaj (Society of Brahma), dedicated to eliminating child marriage and illiteracy and determined to spread education among women and the lower castes. He later became the most-notable disciple of Ramakrishna, who demonstrated the essential unity of all religions.

Always stressing the universal and humanistic side of the Vedas, the oldest sacred texts of Hinduism, as well as belief in service rather than dogma, Vivekananda attempted to infuse vigour into Hindu thought, placing less emphasis on the prevailing pacifism and presenting Hindu spirituality to the West. He was an activating force in the movement to promote Vedanta philosophy (one of the six schools of Indian philosophy) in the United States and England. In 1893

he appeared in Chicago as a spokesman for Hinduism at the World's Parliament of Religions and so captivated the assembly that a newspaper account described him as "an orator by divine right and undoubtedly the greatest figure at the Parliament." Thereafter he lectured throughout the United States and England, making converts to the Vedanta movement.

On his return to India with a small group of Western disciples in 1897, Vivekananda founded the Ramakrishna Mission at the monastery of Belur Math on the Ganges (Ganga) River near Calcutta (now Kolkata). Self-perfection and service were his ideals, and the order continued to stress them. He adapted and made relevant to the 20th century the very highest ideals of the Vedantic religion, and, although he lived only two years into that century, he left the mark of his personality on East and West alike. Faculties, staff-members and students patiently attended the session. Vote of thanks was proposed by Dr. Shilpa Phadnis.

UDHYAMITA "One day Entrepreneurship Conclave" (19th March, 2019)

Shri Vaishnav Vidyapeeth Vishwavidyalaya, Indore organized one day Entrepreneurship Conclave 'UDHYAMITA 2019' on March 19, 2019. The theme of this conclave was 'Fostering Entrepreneurship for Creation of Business and Employment'. The Chief Guest of the conclave was Mr. Prem Tiwari, Unit Head, Grasim Industries Limited (Chemicals Division), Nagda.

In the inaugural ceremony, Dr. T K Mandal, Convener Udhyaamita 2019 informed about the program and said that Udhyaamita is an endeavor which is aimed at sharing the wisdom of successful entrepreneurs. Since employability is becoming more and more challenging, an entrepreneur can not only earn for himself or herself, but also generate employment for others. The experience shared by the invited speakers would be beneficial to the budding entrepreneurs for setting up new ventures and in making a difference in organizations. Dr Upinder Dhar, Honorable Vice Chancellor, SVVV, shared the aim of Udhyaamita which is to inspire young generation. He said that enthusiasm, need identification, risk taking, endurance, passion, innovation, vision, self efficacy and self monitoring are few characteristics needed to become a good entrepreneur.

The Special Guest Mr. S. Suresh Babuji, Director In-Charge MSME Development Institute, Indore addressed the gathering and focused on the Indian job scenario. He said, "Getting a job is nearly impossible but the process of creating new ventures, especially in MSME is gaining momentum. We have to take risk in entrepreneurship.

Governments are also taking concrete steps to develop entrepreneurship". Chief Guest Mr. Prem Tiwari shared his views and said that an entrepreneur should be a leader and that he needs imagination and courage to take risk. Entrepreneurship consists of three things, entrepreneur, process and framework. Entrepreneurship is never measured in profit; it is measured on how much impact you have made in society."

SHODH-2019 *"Third Conference for Doctoral Students (29th March, 2019)*

Nobody can challenge the importance of invention and innovation in present scenario for the socio-economic and technological development. The civilization over the centuries has been marked by countless inventions and innovations and that has facilitated mankind from time to time to improve the quality life. In lieu of this, the theme of 3rd Doctoral Conference Shodh-2019 on "Innovation, Invention & Industrialization: Emerging Issues" was organized on March 29, 2019. The conference aimed to facilitate budding researchers in improving their analytical skills, enhance their knowledge, build a network and get suggestions and guidance from the experts and researchers in their area of interest and thereby contribute to the existing body of knowledge. The conference had an overwhelming response as 95 abstracts were submitted by the research scholars from various fields. Total 79 participants had registered for the conference.

Inaugural session began with auspicious lamp lighting along with the prayer of Maa Saraswati to seek the blessings. Dr. Santosh Dhar, Dean, Faculty of Doctoral Studies and Convener, Shodh - 2019 while introducing the Doctoral Conference said that, the aim of any institution of higher learning should be to actively support research as a part of training. Empirical research is mandatory to overcome global challenges. It is important to realize that the research process is cyclic and iterative.

Hon'ble Vice Chancellor, Dr. Upinder Dhar welcomed the guest and august gathering and in his welcome address, he highlighted the aim of this unique conference. He said that Doctoral Conference is the learning platform. Scholars can learn from each other and it is an opportunity to get the right direction for quality research which is essential for quality research. The ISBN Book – Innovation, Invention & Industrialization: Emerging Issues and souvenir – SARANSH-2019 were released by the dignitaries on the occasion.

The Chief Guest on the occasion, Honorable, Dr. Asha Shukla, Vice Chancellor, Dr. B. R. Ambedkar University of Social Sciences, Mhow, explained the exact meaning of research by sharing some real cases like Child trafficking, Child Sex Trafficking, Child Commercial Sex Trafficking etc. which were handled by her. The inaugural session concluded with Dr. Monica Sainy, conference Co-convenor proposing words of thanks.

Selected papers in various disciplines like Science, Technology, Forensic Science, Management, Social Sciences & Humanities were presented by the research scholars in 2 technical and 5 concurrent sessions.

Technical Session I was on Management, Social Sciences & Humanities which was chaired by Dr. Mayank Saxena and co-chaired by Dr. T.K. Mandal. The rapporteur of this session was Dr. Namrata Jain. The takeaways of this session were that proper research methodology should be adopted by researchers while doing their research work. Otherwise of the whole research outcome process would not be genuine.

Concurrent Session I was on Technology. Dr. Urijita Thakkar and Dr. Anand Rajavat were the chair and the co-chair of this session respectively. Papers were presented on data classifier, flood hazard mapping, big data in wireless communication, performance optimization of general purpose graphics processing unit and fixed point theorems.

The rapporteur was Rupali Bhartiya. Some inputs were given by the chair and co-chairperson on how the papers can be enriched to be of utility to the society.

Concurrent Session II was on Forensic Science. Papers were presented in diverse field of Forensic science. The takeaways were that FTIR is prominent technique for identifying counterfeit drugs of Botanical origin. Handwriting can be correlated with personality traits. Method of extraction of Dhatura alkaloid by Micellar Liquid Chromatography was explained.

Dr. Madhavi Verma chaired the session and Dr. M.P. Gautam was co-chair. The rapporteur of this session was Dr. Aarti Sharma.

Technical Session II was on Management, Social Sciences & Humanities chaired by Dr. Sangeeta Jain and co chaired by Dr. Rajeev Shukla. Concluding remarks of the chairperson was that the book reading facilitates in conceptual clarity but research has to go beyond understanding to the analysis and creating of something that is new. Dr. Swati Oza was the rapporteur of that session.

Concurrent Session III was also on Management, Social Sciences & Humanities. The session was chaired by Dr. D.T. Manwani and co- chaired by Dr. George Thomas. The main remark of chairperson of this session was that scholars should follow certain protocol when they write research papers. Even they should focus more on originality of the work. Dr. Shweta Agrawal was the rapporteur of the session.

Concurrent Session IV was on Technology. The session was chaired by Dr. Verma and co- chaired by Dr. Namit Gupta. In this session chairperson appreciated the various domains of research undertaken by the scholars. He also emphasized that topics should be chosen for research which are relevant for the society. Dr. Shamayita Patra was the rapporteur of the session.

Concurrent Session V was on Science. The session was chaired by Dr. Swagata Gupta and co- chaired by Dr. K.N. Guruprasad. Papers were presented in the areas of Mathematics, Chemistry and Life Science. Dr. Shweta Mishra was the rapporteur.

The Master of the inaugural and valedictory sessions was Ms. Anusha Gupta, Assistant professor and Research Scholar of Shri Vaishnav School of Management, SVVV, Indore. The conference came to an end with the note that "Curiosity is the fuel for discovery, inquiry, and learning."

WORKSHOP on Revised NAAC Guidelines on the theme of *Enhancing the Quality in Higher Education: Innovative Practices (1st April 2019)*

A workshop was conducted on "Enhancing the quality in higher education: innovative practices" in the light of revised NAAC [National Assessment and Accreditation Council] guidelines. This workshop was planned for the senior members [Associate Professors; Professors; HOD'S; HOI's; Registrars] with the intention of making everybody familiar with the NAAC guidelines for improving the quality in education. The workshop was conducted as a part of IQAC [Internal Quality Assurance Cell] program as first step towards the preparation of SVVV for accreditation by NAAC.

Dr. Ganesh A Hegde, Deputy Adviser, NAAC, Bengaluru spoke on 'Innovative practices in higher education.' He

apprised the audience of the new methods of quantifying the data adopted by NAAC for assessment of institutions. He emphasized on developing institutional distinctiveness, institutional values and innovative ecosystem. He elaborated on various qualitative and quantitative indices required for assessment. Exit questionnaire for evaluating student satisfaction, engagement of alumni in various programs including starting alumni chapters in various cities, developing e-content on the web, recording the performance at INFLIBNET – were some of the suggestions he made.

Honorable Vice Chancellor of SVVV, Dr. Upinder Dhar spoke on “Institutional values and best practices.” In his lecture he cited many innovative practices implemented in various institutes of the country which have already received an “A” grade from the NAAC. Some of the novel ideas suggested by him which can be implemented in SVVV include conducting experiments for school children, developing sustainable energy programs like utilizing solar energy, environmental programs like building check dams for run-off water to recharge the wells in the campus, waste treatment etc. Dr. K. N. Guruprasad, Director SVIS and Coordinator of IQAC spoke on “quality in research in the context of private universities.” He illustrated the requirements for doing quality research and the challenges faced by private universities. He suggested introduction of institutional research fellowships to promote research by engaging full time researchers besides strengthening research through research funds.

The discussions on improving quality education with Dr. Ganesh A Hegde continued on the next day [2 April 2019] in a meeting with HOD's and HOI's of SVVV. It was decided to conduct academic/administrative audit periodically in each department and also document the learning outcome from each department. IQAC of SVVV has planned to implement all the decisions and suggestions which have emerged from this workshop in a phased manner by assigning the implementation program to various task groups which have been formed in SVVV.

The welcome address was given by the convener of the event, Dr. Rishu Roy. There were several participants from various B-Schools of Indore, research scholars and faculty members from SVSM. She welcomed all the participants and wished them good luck in their future endeavors and briefed the participants that this is the *Eighth National Case Writing Workshop* conducted by Shri Vaishnav School of Management. Most of the cases developed during the workshops held earlier have been registered with The Case Centre (ECCH- European Case Clearing House), Cranfield University, UK.

Dr. Santosh Dhar, (Dean, Faculty of Research, SVVV) threw light on the importance of research in today's contemporary and competitive milieu and motivated the participants to go for quality publications and this will help them to enhance their Academic Performance Indicator. The resource person of the workshop was Dr Upinder Dhar, Vice Chancellor - SVVV. He has led many workshops as facilitator so far. A renowned educationist and academician, Dr. Dhar has over three and half decades of experience in post graduate teaching, corporate training, faculty development, consultancy and research.

June 20, 2019: Brief Introduction of the Workshop and Visit to Various Organisations Management education cannot be completed without citing appropriate examples. Case method, hence, has gained significant importance as an

alternative pedagogical tool to the traditional lecture method of imparting knowledge to learners. There is a dearth of qualitatively rich cases, which are developed in Indian environment. The challenges and intricacies involved in Indian management are yet to be fully demonstrated. This workshop is an attempt to facilitate the faculty members working in various B-schools to write management cases based on Indian situations.

The objective of the workshop was to-

- To develop case writing skills of the participants.
- To encourage the use of case method as a pedagogical tool by providing rich inputs for improving the analytical skills of participants.
- In view of the inadequacy of suitable case literature reflecting Indian situations, the workshop aims at developing and publishing case studies for use in teaching and training sessions.

Dr. Upinder Dhar briefed the history of case writing and the B-Schools. The first B-School was Harvard Business School which was established in 1908 and first case study was developed in 1920. In India, IIM-Calcutta in 1957 pioneered for developing the case study however, the case method became more popular in IIM-Ahmedabad, which came into existence in 1962-63. Dr. Dhar further highlighted the importance of 4D model while developing the case study i.e., Data Collection, Drafting, Discussion and Documentation. He also guided the participants to first build repo with the coordinator deputed by the organization and then ask the questions. While asking the questions it should be kept in mind that the questions shall not be repeated and the narrator shall not be interrupted. The participants shall note down each and every information religiously. Dr. Dhar further suggested that the case can be divided into three parts : First is the Background (About organization / person), Second is the Body of the Case (Issues / Challenges / Opportunities) and Third is the conclusion part which decides that whether the case is Historic Case or Problem based case. Also, questions shall be incorporated at the end. Teaching notes shall also be prepared, following the guidelines of the case repository.

After that all the participants were requested to proceed for lunch followed by the visit to various organisations. The participants were grouped according to their stream and experiences. Five groups were formed. Prior intimation and approval were taken from these organisations and the concerned authorities in these organisations deputed a coordinator from their end which would brief the participants about the opportunities and challenges encountered by these organisations. All the five groups left for visiting various organisations to develop the case study.

June 21, 2019: Case Writing Sessions

All the five groups collected the facts and information from the organisations they visited and started compiling the case study. Dr. Upinder Dhar had already briefed them the do and don'ts while developing the case study. Dr. Dhar took the review of each group which helped them to write the case with right approach. This also gave them direction and the participants also asked the queries which they had in their mind. During Session II, the first draft of the case study was prepared. Post lunch, intergroup discussions were held. All the groups read their case one by one and other groups gave them various good suggestions which were quite beneficial and were incorporated in their case studies. The groups also prepared the teaching notes taking the guidelines from the Case Repository.

June 22, 2019: Presentation of Case Study

All the groups presented their case. Dr. Upinder Dhar, suggested few modifications and instructed groups to make rectifications in their case studies. The convener of the workshop Dr. Rishu Roy gave them direction and guidelines for getting the case published in the International case repository.

June 22, 2019: Valedictory Ceremony

Dr. Upinder Dhar congratulated all the participants for their teamwork and wished them luck for their future endeavors.

Centre of Vocational Studies

SVIAG was started in the year 2018 and commenced conducting classes of first year of four years bachelors program (Honors) in Agriculture. Students are imparted teaching and training in theory besides hands on experience as well as honing skills to ensure world class quality and create higher levels of intellectual abilities in them.

SVIAG hosts the Centre of Vocational Studies, which imparts training in organic farming, mushroom cultivation and bee keeping to name a few.

Objectives of the Centre

To provide the vocational training to progressive farmers and the unemployed educated youth. An emphasis in vocational education will also be an development of attitudes, knowledge, and skills for entrepreneurship and self-employment of science and technology. So, planning and implementation of the program will certainly help in controlling and solving the problems of educated unemployed of our country.

The following vocational courses are being run in this center:

1. Vermicomposting: Micro-organisms and earthworms are important biological organisms helping nature to maintain nutrient flow from one system to another and also minimize environmental degradation. Earthworms convert farm waste and organic residues into high quality compost. For this, *Eisenia foetida*, *Perionyx excavatus*, *Eudrillus euginae* and *Lumbricus rubellus* are important. These species can be cultured on organic wastes and dung. The technique of culturing them is called vermiculture and using these for decomposing residue to make compost is called vermin-composting in India, commercial production of vermicompost has now begun and there is a good scope of adoption of this as an enterprise by youth and farmers who have picked skill in its production. This will not only provide employment opportunities but will also be a good source of income.

2. Mushrooms are being used as food since time immemorial. These have been considered as the delicacy. From the nutrition point of view mushrooms are placed between meat and vegetables India is primarily agriculture based country blessed with a varied agro-climate it most suitable for cultivation of all types of temperate, subtropical and tropical mushrooms. It can profitably be started by landless farmers, unemployed youths and other entrepreneurs. It requires less land as compared to other agricultural crops and is basically an indoor activity. These are the ideal tools for recycling the agricultural wastes which otherwise may pose problem of disposal and atmospheric pollution. The cultivation techniques were perfected for about twenty mushrooms and about dozen of them have been recommended for commercial cultivation. However, only six mushrooms are widely preferred for large-scale cultivation. They are:

- a. Paddy straw mushroom - *Volvariella* spp.
- b. Oyster mushroom - *Pleurotus* spp.
- c. Button mushroom - *Agaricus* spp.
- d. Milky mushroom - *Calocybe* spp.
- e. Shiitake mushroom - *Lentinula* spp.
- f. Jew's ear mushroom - *Auricularia* sp.

3. Apiculture: Honey starts out as nectar that bees collect from flowers. Basically, nectar is a reward that plants produce to attract pollinating insects and birds. It's a sugary fluid includes the aromatic oils that give flowers their scent, as well as other trace substances. Bees collect this nectar by drawing it through their proboscis and storing it in their honey stomach. Honeybees then carry it back to their hive in tiny, 40-milligram loads. The foraging bees regurgitate the nectar and pass it to worker bees in the hive. These bees then gradually transform the nectar into honey

by evaporating most of the water from it. Nectar is as much as 70 percent water, while honey is only about 20 percent water. Bees get rid of the extra water by swallowing and regurgitating the nectar over and over. They also fan their wings over the filled cells of the honeycomb. This process retains lots of sugar and the plant's aromatic oils while adding enzymes from the bees' mouths. Training in beekeeping will certainly make person skillful and take up this as a vocation.

Other courses include:

- Seed production;
- Nursery raising of vegetables;
- ornamental plants;
- flowers & fruit crops;
- Post-harvest technology like canning, processing etc.

ABOUT UNIVERSITY

Shri Vaishnav Vidyapeeth Vishwavidyalaya is a private university established under Madhya Pradesh Niji Vishwavidyalaya (Sthapana Avam Sanchalan) Adhiniyam in 2015 at Indore (India). The University has been established with a vision to be leader in shaping better future for mankind through quality education, training and research.

It shall pursue the mission to make a difference in sustaining the growth of global societies by developing socially responsible citizens. Value based education being at the helm, the university is an activity driven institution.

VISION

To create an educational environment that engages deep intellectual, moral and spiritual stimulation, thereby nurturing leadership

MISSION

To pioneer a 'mentoring' based education system with a culture of its own, rooted in Indian ethos and in tune with contemporary times;
To impart learning through understanding - knowledge enrichment, skill development and positive attitude formation;
To encourage innovative thinking with self discipline and social responsibility.

VALUES

Endurance, Excellence, Fairness, Honesty and Transparency

QUALITY POLICY

We, at Shri Vaishnav Vidyapeeth Vishwavidyalaya are committed to impart quality education by meeting stakeholder requirements and norms of regulatory authorities. We strive to continuously enhance the quality of our academic and research offering and effectiveness of teaching - learning process.
