INDORE

(A JOURNEY FROM LIVING HERITAGE TO ECOLOGICALLY SENSITIVE CITY)

The Indrapur started in 810 A.D when King Pal Rajvansh built the Indreshwar Temple. It was then developed as an Army Transit camp during various invasions by the Mughals on the Malwa State.

Later, Akbar divided the Malwa region into 12 sarkars in which Indur fell under Ujjain Sarkar. In the year 1732, Bajirao - the Maratha ruler, again divided the region into four states. Indore, Gwalior, Dewas, and Dhar, and handed over the Indore region to the Holkars to Rule. In the year 1766, Tukojirao Holkar and his wife Ahilyabai Holkar descendants of Malharrao Holkar, started ruling over Malwa. At that time, the capital was Maheshwar and Indore was still an Army camp and a small Village.

Sir Patrick A Geddes (October 2, 1854-April 17, 1932) was a globally acclaimed urban planner, sociologist, botanist and educationist. Around 100 years ago, Indore had him as its planner. He created many institutions and designed the cities as diverse as Jerusalem, Colombo, Dhaka, Lahore and many Indian cities like Indore.

A man of varied talents, Sir Geddes was invited by Maharaja Tukojirao-III to Indore to suggest urban design for the evolving capital city of Holkars in the early 20th century.

Apart from being a historical city, Indore is also the educational and commercial capital of the state of Madhya Pradesh. The city started to expand from the epicenter Rajawada in all the four directions; touching airport in the west, ralamandal hills in the east, IT hub in north and Pithampur Industrial area in the south.

The first reflection of the industrial revolution in Indore started with five cloth mills. Because of the mills, settlement grew near central areas and it gave a new identity to the city.

The bustling city of Indore is also known for its educational facilities in central India which houses schools, colleges and universities. There are various academies which are preparing students for competitive fields like architecture, engineering, law, medical science and management to name a few. It is the first city in India which hosts both IIT and IIM. One can also experience the vibrant taste palette from the diverse communities settled in Indore. The city is known for various records for hosting various food festivals.

In recent years, Indore has progressed as one of the ecologically sensitive cities. The city has been awarded with the title of the cleanest city of India thrice. Indore is developing not only in terms of solid waste management but it focuses on the principle of 3R that is source reduction, waste recycle and material reuse.

It is a city which is in close proximity with two Jyotirlingas-Mahakaleshwar in Ujjain (51 Km) and Omkareshwar (72 Km) in Mandhata, District Khandwa. Another holy city, Maheshwar situated at the banks of river Narmada is a city with prolific religious and cultural importance. The city is well connected through road, air and railways to Delhi, Mumbai, Bangalore, Hyderabad, Chennai, Trivandrum, Ahmedabad, Jaipur, Patna and Kolkata.

FROM THE DESK OF *Chancellor*

Some of you may be knowing that our parent Trust was established in 1884 with a zeal driven by the vision of philanthropists of Indore who wanted to serve the society beyond their self interests. The Trust has come a long way while expanding the scope of activities from charity to health to education. Starting the educational offerings from the level of school to higher education has been a great learning experience. Our university is an attempt to combine liberal education with professional education to help holistic development of the beneficiaries.

We are all set to extend the possible facilities to the students on the campus itself. Project Based Learning is encouraged to facilitate students to develop appropriate skills. We are sensitive to the needs of our students which can only be met by attracting best of the faculty and practitioners to the campus. Adequate exposure to community development is seen by us as an essential component of education and training.

I am happy to welcome the sixth batch of students and am pleased to wish them an enriching stay during their association with us right from the date of their joining SVVV.

Purushottamdas Pasari
Chancellor

FROM THE DESK OF *Vice Chancellor*

Our university has a convention to update the curricula and detailed syllabi of various courses regularly. The objective is to prepare the students for taking the challenges when they would enter the world of work. Skill development is given priority so that our students could take their decisions with confidence on their own capabilities as well as efficacy.

We believe that academia and industry must be in sync to ensure integration of thoughts and intent. Thus, we have representation of industry on each Board of Studies to cater to the needs of all the disciplines in which we offer degrees and diplomas. Facilities are extended for pursuing research for helping the society to enhance the quality of life. Further, students are given ample opportunities to develop sensitivity towards environment and social issues. The purpose is to impart education and training with appropriate exposure to the students for their holistic development, so that they prove to be assets for the society. I am delighted to receive the Sixth batch of our students at SVVV.

LEARNING RESOURCE CENTRE

The Library is a fountain to satiate the thirst for knowledge. The library was established in 1995 along with SVITS with a collection of 652 books to meet the information requirements of the academic community. With the establishment of Shri Vaishnav Vidyapeeth Vishwavidyalaya, the name of the library has been changed to Learning Resource Centre (LRC).

The LRC has a total collection of 57900 standard text books, reference books, e-journals, databases, and other reading materials in relevant disciplines. For the use of students one copy of each title is kept in the Text Book Collection. The LRC subscribes to 125 national and international journals in print to meet the research requirements of the faculty and researchers.

The LRC provides access to 16000 plus international journals, e-books and other materials through online access to its members to enhance the information resources for the students and faculty members. The e-resources are available to the students on the campus through wi-fi. The LRC is open for all the students, researchers and faculty members from 8.00 AM to 5.30 PM. All the library operations are fully computerized with the OPAC facilitates searching books and knowing the

status of the members. In addition, the library provides photocopy service, inter-library loan service, new arrival of books, news clippings, maintenance of previous year question papers, etc. to all its members.

EVALUATION PROCEDURE

The university follows the continuous evaluation system in line with leading institutions of the country. The university already has implemented the Choice Based Credit System (CBCS) for the undergraduate, post graduate and dual degree programs from the academic session 2016-17.

LATEST CURRICULA

Students are exposed to the latest techniques in their domains. The courses are flexible and will be updated continuously.

BEYOND THE CURRICULUM

We believe that it is our responsibility to develop our students as professionals right on the campus while they are still students and ensure that they plan and take active role in the life of the university rather than remain passive recipients. The tenure that students spend at the campus is designed to be the most fulfilling period in their lives.

CO-CURRICULAR ACTIVITIES

The students are encouraged to plan and organize various co-curricular activities on their own with the basic support from the university. Such an atmosphere inculcates in them the spirit of leadership and an understanding of several aspects of technology and management. They are undertaking such activities not merely for the learning value but also for the pleasure that comes with the experience of a job well done. The students are recognizing their talent and skills in the process and are inspired to develop themselves further. The students are also nominated to participate in co-curricular activities organized by other leading Institutions. The students are actively involved in organizing various conferences, conclaves, workshops, guest lectures, study tours and other such activities. By involving them in such activities, they do not only get exposed to the contemporary understanding of various concepts, but also develop the organizing skills.

CULTURAL COMMITTEE

This Committee essentially undertakes all the cultural activities at the campus in coordination with other clubs and committees. The committee organizes events like national techno cultural festival (SPANDAN), celebration of festivals like Durga Puja, Deepawali, Holi etc.

THE MUSIC CLUB RIAZ

The Music Club is established to nurture the talent and to decipher the artistry of students and the faculty members of university. This club provides an excellent platform to the students and helps them to bring out their creativity in the form of Indian classical and western music. The club organizes round the year activities, such as musical nights in Confluence, Spandan, Sanmantrana and many more.

▶ Spandan (Annual Fest)- Showcasing Talent

EXTRA - CURRICULAR ACTIVITIES

The university offers a wide scope for extra-curricular activities for the students which include various adventurous activities, which not only make the campus life vibrant but also act as a window to reach out to the students across the country.
